Biophilia coffee table 101x67x

by Ross Lovegrove

The Biophilia furniture design collection, by Ross Lovegrove, opens up a fresh path in design that initiates a dialogue among time, shape, and space. It merges the pioneering natural design of Antonio Gaudí's Sagrada Familia, VONDOM's adeptness in advanced rotational moulding technology, and the current line of research on digital transference into modern design.

Info

Description

Made of polyethylene resin by rotational moulding. 100% Recyclable. Item suitable for indoor and outdoor use. Available in different finishes.

Weight: 15 Kg
