

Random
Model Random

A lightweight, blown glass suspension lamp, Random is made up of three round diffusers of different sizes which form one simple, eye-catching whole. Each diffuser has an LED light source which emits a soft white light. When grouped together on a cluster, Random light fixtures form a poetic composition like soap bubbles, enhanced by the contemporary finishes which add a touch of character and originality.

Random	Light source	Structure: Metal	Diffuser: Blown glass	Code 2700 K	Code 3000 K
