Caboche Plus Ceiling

Patricia Urquiola, Eliana Gerotto
2005

More transparency, lighter shapes, and an even brighter light. New arches, a new "twist lock" attachment system and new spheres, that appear to float in space once mounted, create a truly beguiling total transparency effect. Fitted with a new LED light assembly that guarantees augmented light flow with an effective reduction of the energy consumption. Direct down light and diffused light towards the ceiling. Available in a new, sophisticated grey colour.
