

La Plus Belle

Designed by Philippe Starck, 2019

57W - 2700K

Wall-mounted mirror with integrated lighting emitting diffused light. Aluminium frame housing high colour rendering LED light sources with an optical opal silicone diffuser. Extra-clear glass mirror with rear safety and aesthetic film, fixed to the frame by a polycarbonate glazing bead. Wall installation via hook with dual magnet fixing device. Powered via wall-mounted power supply unit or IEC power cord and connector socket. Optical sensor control on the mirror or remote, PUSH or DALI dimming for 10–100% light intensity adjustment.

Designed by Philippe Starck, La Plus Belle transforms a classic mirror into a luminous object. Defined by an elliptical geometry, it frames the reflection with light, ensuring a faithful rendering and visual purity. Inspired by the fairy-tale mirror of Snow White, Starck wryly suggests that even the question of who is the fairest of them all cannot be answered without good lighting.

Main specifications

EAN	8059607011485
Mounting	Wall
Environments	Indoor dry location
Light Source Type	LED
Light sources included	Yes
LED type	LED Module
Power (W)	57

Physical

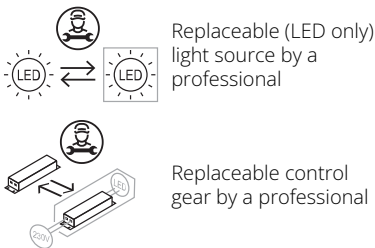

Color	Anodized Gold
Length (in)	2.2
Net weight (lb)	54.01
Gross weight (lb)	100.53
Package height (in)	5.12
Package width (in)	39.96
Package length (in)	91.14
Package volume (in)	18640.63
IP internal	20
