

Greenhouse Gathering Wallcovering

MOOOI

The Greenhouse Gathering Wallcovering is a stunning 3D wall covering that draws inspiration from decorative moulding. The design imitates the sensation of peering through the glass panels of a Green House, uncovering the mesmerising marvels of lush flowers with many intricacies. Infused with the charm of art deco, the Greenhouse Gathering Wallcovering comes in a monochrome palette.

Detailing

Detailed 3D flora and hidden creatures evoke the beauty of greenhouse greenery with a soft, monochrome, soft suede-like finish.
