

Taccia

Designed by Achille and Pier Giacomo Castiglioni, 1962

28W - 2700K

Table lamp emitting indirect and reflected light. Aluminium reflector, gloss white on the outside and matt white on the inside, mounted on an adjustable transparent mouth-blown glass diffuser. Body in black, matt white, silver anodised or bronze anodised aluminium with a nickel-plated metal base. Equipped with a dimmer for 10–100% adjustment. Plug-in power supply with interchangeable plugs included.

Designed by Achille and Pier Giacomo Castiglioni in 1962, Taccia was conceived with the idea of turning a ceiling lamp upside down. Its crafted reflector and distinctive grooved base make it one of the most iconic symbols of Italian design. While often compared to a classical column, the base was inspired by a radiator, originally serving a heat-dispersion function now rendered unnecessary by LED technology. A true Flos ambassador, Taccia exemplifies the Castiglioni's' industrial roots and minimalist vision.

Main specifications

Mounting	Table
Environments	Indoor dry location
Light Source Type	LED
Light sources included	Yes
LED type	LED array
Power (W)	28

Physical

Color	Silver
Length (in)	7.48
Cord color	Black
Cord length (in)	86.614
Net weight (lb)	24.56
Gross weight (lb)	27.34
Package volume (in)	10707.76
IP internal	20

Photometric

Lighting type	Indirect
Light distribution	Asymmetric
CCT (K)	2700
Extreme cut off	No

Electrical

Insulation class	III
Frequency (Hz)	50/60
Main voltage (Vac)	100-240
Driver	Remote included
Dimmable	Yes
Dimming type	Electronic 48V
Dimming interface	Dimmer Integrated
Plug type	Type A, Type C, Type G
Batteries inside	No

Ecodesign and Energy Labelling

This product contains a light source of energy efficiency class D

Taccia Small

Designed by Achille and Pier Giacomo Castiglioni, 1962

16W - 2700K

Table lamp emitting indirect and reflected light. Aluminium reflector, gloss white on the outside and matt white on the inside, mounted on an adjustable transparent mouth-blown glass diffuser. Body in black, matt white, silver anodised or bronze anodised aluminium with a nickel-plated metal base. Equipped with a dimmer for 10–100% adjustment. Plug-in power supply with interchangeable plugs included.

Designed by Achille and Pier Giacomo Castiglioni in 1962, Taccia Small reinterprets one of the most iconic symbols of Italian design in a more compact format. Originally conceived by the idea of turning a ceiling lamp upside down, its crafted reflector and distinctive grooved base remain true to the original design. Preserving the Castiglioni's industrial roots and minimalist vision, Taccia Small brings the timeless character of the original to a wider range of interiors.

Taccia (PMMA)

Designed by Achille and Pier Giacomo Castiglioni, 1962

28W - 2700K

Table lamp emitting indirect and reflected light. Aluminium reflector, gloss white on the outside and matt white on the inside, mounted on an adjustable transparent PMMA diffuser. Body in matt black or natural anodised extruded aluminium with a nickel-plated metal base. Equipped with a dimmer for 10–100% light adjustment. Plug-in power supply with interchangeable plugs included.

Designed by Achille and Pier Giacomo Castiglioni in 1962, Taccia was conceived with the idea of turning a ceiling lamp upside down. Taccia PMMA reinterprets the iconic design with a lighter diffuser in transparent PMMA. Retaining the dramatic interplay of reflector and base, it preserves the sculptural presence and indirect glow of the original while introducing a practical alternative to mouth-blown glass. A timeless classic made available in a contemporary variation.
