

MERIDIANA WHEELS

Christophe Pillet

Meridiana, an iconic seat from the Driade collection designed by Christophe Pillet in 2004, draws inspiration from the lines of a diamond. It is available as a chair, armchair, and stool with a transparent, smoked, black and white polycarbonate shell, or in leather. The frame is available in steel, matte black painted steel, or solid natural or charcoal-stained ash wood. A chair with a distinctive and distinctive aesthetic, it is perfect for a dining room, study, or office.
