Mayday

Designed by Konstantin Grcic, 2000

Incandescent - 60W

Multipurpose lighting appliance emitting diffused light. Features a hook/handle that doubles as a cable winder and an injection-moulded opaline conical diffuser made from sustainable polypropylene produced from industrial process waste. Button switch located on the handle. As no glue is used in the assembly process, Mayday is easy to dismantle and properly recycle.

Designed by Konstantin Grcic in 1999, Mayday is a multipurpose lamp conceived as a functional tool. Its sturdy build, handle and long cable make it highly portable, while a subtle triangular notch in the diffuser even allows it to hang from a nail. In short, anything is possible with Mayday. The name nods to both the distress call and the optimism of spring. A modern icon now made with sustainable materials, it reflects Grcic's belief in democratic, purposeful design. Mayday won the Compasso d'Oro in 2001.

Main specifications

EAN	8059607029145
Mounting	Suspension
Environments	Indoor dry location
Light Source Type	Bulb
Light sources included	No
Lamp category	Incandescent
Lamp type	A
Lamp holders	E26
Number of lamps	1
Power (W)	60

Physical

Color	Orange
Length (in)	8.66
Cord color	Black
Cord length (in)	190.945
Net weight (lb)	1.54
Gross weight (lb)	2.54
Package height (in)	21.65
Package width (in)	8.86
Package length (in)	8.86
Package volume (in)	1699.15
IP internal	20
