

WELCOME

Fabio Novembre

Welcome is a design object that adapts to the environment and lifestyle of its occupants, designed for a variety of uses: a portable, rechargeable lamp with direct light, a stand on a table, a storage unit, and a pocket emptier. Available in white, black, and red, it blends seamlessly into any home or restaurant setting, both indoors and outdoors. “The technology we use in our daily lives has led to a hybridization of functions that is now a part of our lives. I’m no longer sure a lamp should only provide light. Perhaps these small tools that accompany us in different environments and atmospheres, on a dining table or on a bedside table, could also help us accommodate other objects, highlight them, or simply keep them within reach. Welcome was born from a gesture of inclusion, a happy coexistence of functions for unexpected combinations.” Fabio Novembre
