Coordinates Floor

Designed by Michael Anastassiades, 2020

53W - 3049lm - 2700K - CRI> 95

Floor lamp emitting diffused light. Composed of two adjustable vertical poles and a base with an anodised aluminium cover. Elements made of extruded anodised aluminium with a platinum optical silicone diffuser housing an integrated LED strip (CRI 95). Usable power cable length 260 cm. Pedal dimmer switch for on/off control and 10–100% brightness adjustment. Power supply attached to interchangeable plug.

Part of the Coordinates family by Michael Anastassiades, Coordinates Floor translates the collection's illuminated grid concept into a standalone vertical composition. Evolving from a commission for the historic Four Seasons restaurant in New York, Coordinates takes inspiration from the Cartesian grid, translating pure mathematical precision into light. Its modular, scalable system allows configurations ranging from minimal arrangements to complex installations. Elegant, imposing and expressive, it brings geometry to life within any space.
