

Splügen Bräu

Designed by Achille and Pier Giacomo Castiglioni, 1961

Incandescent - 100W

Suspension lamp emitting direct light. Features spun aluminium reflector polished and protected with transparent coating. Steel ceiling fitting and vacuum-formed ABS rose with gloss white finish.

Named after a legendary beer hall in Milan, Splügen Bräu was created in 1961 when Achille and Pier Giacomo Castiglioni were commissioned to design the bar's interiors. Conceived as a complete concept inspired by Neo-Liberty style and the ambience of old train carriages, the brothers developed a pendant lamp that captured the venue's convivial spirit: modern, precise and full of character. Though the bar is long gone, the lamp remains, preserving a piece of Milan's cultural history.
