

Atlas

Joan Gaspar

marset

Since its beginnings, Atlas has consisted of a transparent polycarbonate design that envelops the bulb and has the interior structure of a spotlight. A transparent suit that conveys lightness and enables it to blend in with its surroundings.

It is available in a pendant version that emits directed light, or as a wall lamp, in which the light can be direct or indirect, bouncing off the ceiling or wall.

Atlas Susp.

Code	Finish	CCT
A34-051-50-27K	○ Transparent	27K
A34-051-50-30K	○ Transparent	30K

Materials	Dimmable: Yes
Shade: Polycarbonate	Integrated dimmer: No
Canopy: White polyamide	

Product type: Pendant
Light source: E27 LED spot 9,5W PAR30S 25D 2700K 740lm (included)
